

I need a leather garment cleaned.

Dear Valued Customer,

We would love to have the opportunity to clean your leather garments, but we want you to be aware of the risks involved when having leather cleaned.

We do not clean leather in-house, but rather send it out to a professional leather cleaner. The process of cleaning leather is longer and more expensive than normal dry cleaning and can cause damage to your garment, even when done by a professional. Because of this risk, we do not assume responsibility of your leather garment. By signing below, you acknowledge the risk of cleaning your leather item and do not hold MyDoor Dry Cleaning® responsible for any damage caused to it. We will have your garment back to you as soon as possible, but please note that the process may take a couple of weeks.

If you no longer wish to take the risk of having your leather garment professionally dry cleaned, please call or email us. We will gladly return your item uncleaned. Otherwise, please sign below and we'll be happy to professionally clean your item.
